

WHAT IS YOUR LAUNDRY'S CAPACITY ON PEAK DAYS?

E-Series ExpressWash
soft-mount washers

vs.

hard-mount washers

With up to 381 G-force extract, ExpressWash soft-mount washers remove more water per load—slashing dry-time and getting customers in and out in 60 minutes or less. In a business that operates on peak period hours, fast customer turnover can significantly increase your store profits. Additionally, the timesaving convenience is a customer advantage that standard hard-mount stores just can't match.
