# Buried in Laundry?

## Rely on Girbau North America Laundry Solutions

Animal care facilities often struggle to keep pace with mounting laundry because their washers and dryers aren't engineered to handle the influx of soiled bedding, towels, blankets and janitorial rags. At Girbau North America (GNA), we design highly-efficient, commercial-grade washers and dryers to quickly and efficiently clean those messy piles of laundry to perfection. So no matter if you care for pets from a vet clinic or hospital, operate a daycare, or run a grooming or boarding operation, we work closely with you to create a laundry solution customized for your space, budget, efficiency and laundry production needs.

We offer different laundry equipment brands — all with the commonality of rugged, commercial-grade performance, unrivaled factory-backed warranties, and local distributor support before, during and after the sale.

GNA washers and dryers are available in small to large capacities to best meet your facility's laundry production needs. Our machines quickly process even the bulkiest laundry loads.

### Benefits of GNA Laundry Equipment

### Local Distributor Support

You aren't in this alone. Your local distributor is a laundry industry expert in the field who is here for you now and into the future. They stand ready to guide you through the process of a site survey, equipment selection, utility requirements, installation and ongoing service, support and warranty administration after the sale. You can rely on your GNA distributor for everything laundry!

*"The washer spins out water really well and gets items a lot cleaner. It used to take us two hours to wash and dry a load of laundry with our homestyle equipment. Now it takes a little more than an hour to complete a load. We've gone from four to seven completed loads per day."*

— Jeremiah Vondra, Veterinarian/Owner  
Vondra Vet Clinic

At GNA, we cater to a number of markets with equipment and brand offerings designed to improve our clients' businesses.

## Market Channels

**Commercial** Every laundry is unique in size, scope and goals. At GNA we specialize in improving commercial on-premise laundries at hotels, vet clinics, salons, dairies, fire departments, correctional facilities, and more. We work to cut energy and labor costs, while boosting laundry production and quality.

**Industrial** Equipment flexibility and automation are key ways to boost production and quality while lowering overhead costs. GNA specializes in developing industrial laundries from scratch, as well as simply improving them with quick Returns on Investment (ROI).

**Textile Care** Our advanced wet cleaning technologies deliver exceptional programming flexibility for improved textile restoration results and a greater percentage of wet cleaned to dry cleaned items. Eco-friendly and a fraction of the cost of dry cleaning equipment.

**Vended** We help vended laundries get into business the right way, with exclusive products and expertise that help you stand apart from the competition.

**Multi-Housing** Apartment complexes, dormitories and residential facilities require durable, simple-to-use washers and dryers available in space-saving configurations. At GNA, we offer the equipment and local distributor support — often with creative lease and share options — to reduce management hassles while boosting revenue.
