# Smarter Towel Care for High-Performance Car Washes

## Efficiency, Consistency & Sustainability

When speed and service matter most, your towel laundry shouldn't slow you down. Continental Girbau's GS- and E-Series Washer-Extractors are designed for car wash environments that demand both performance and eco-conscious solutions. With advanced programmability and automatic chemical injection, operators can simply load, select a program and press start — no need for constant supervision. Towels come out perfectly clean and just-damp enough for immediate reuse. Say goodbye to wasteful disposables and hello to a smarter, more sustainable way to power through the day.

### E-Series Washers

Engineered for efficiency, E-Series cut utility costs and boost productivity with high-speed extract and a freestanding design that's easy to install. Durable and highly programmable, they deliver consistent towel cleaning with less water, energy, and labor — perfect for busy car wash operations.

### GS-Series Washers

Built for nonstop car wash demands, GS-Series deliver unmatched durability, fast cycle times and simplified operation. Genius Controls make programming easy, while the 360° Vision Light offers at-a-glance cycle status visibility from a distance. With an extra-large door and waterproof user interface, GS-Series ensure efficient towel cleaning with maximum ease.

# Engineered for Nonstop Performance

Built for the demands of back-to-back cycles, GS- and E-Series Washer-Extractors deliver consistent results with minimal effort. Thanks to automatic chemical injection and advanced programmability, towels are gently but thoroughly cleaned — helping extend towel life while ensuring they come out with optimal moisture for immediate use. Just load, select a program, and press start. No need to monitor — just reliable, repeatable performance every time.

## Programmability

- Allows perfect percentage of moisture retention in towels for high-quality finishing of vehicles
- Automatic, consistent clean every time

At GNA, we cater to a number of markets with equipment and brand offerings designed to improve our clients' businesses.

## Market Channels

**Commercial** Every laundry is unique in size, scope and goals. At GNA we specialize in improving commercial on-premise laundries at hotels, vet clinics, salons, dairies, fire departments, correctional facilities, and more. We work to cut energy and labor costs, while boosting laundry production and quality.

**Industrial** Equipment flexibility and automation are key ways to boost production and quality while lowering overhead costs. GNA specializes in developing industrial laundries from scratch, as well as simply improving them with quick Returns on Investment (ROI).

**Textile Care** Our advanced wet cleaning technologies deliver exceptional programming flexibility for improved textile restoration results and a greater percentage of wet cleaned to dry cleaned items. Eco-friendly and a fraction of the cost of dry cleaning equipment.

**Vended** We help vended laundries get into business the right way, with exclusive products and expertise that help you stand apart from the competition.

**Multi-Housing** Apartment complexes, dormitories and residential facilities require durable, simple-to-use washers and dryers available in space-saving configurations. At GNA, we offer the equipment and local distributor support — often with creative lease and share options — to reduce management hassles while boosting revenue.
