(softmount)

The superior programmability of Continental Girbau washer-extractors ensures that high-tech fabrics in turnout gear shells and liners are properly cleaned, while preserving fabric integrity. Gear is expensive — clean it right to make it last!

Visit continentalgirbau.com or call 800-256-1073 to learn how Gear Washer and Dryers can help better protect your fire fighters.

Please Note: Capacity estimates based on separated loads of 1 set of gear (2 pieces: 1 liner and 1 shell). Actual load capacities may increase or decrease according to specific loading practices and item size.
