

Capabilities Statement

CONTRACT NO. GS-07F-033DA

Girbau North America provides Continental Girbau and Girbau Industrial branded commercial and industrial laundry equipment, parts and service for any commercial laundry application. Our products — featuring washer-extractors in 20- to 255-pound capacities, drying tumblers in 20- to 250-pound single-pocket capacities and 30- and 45-pound stack, flatwork ironers in 13- to 48-inch rolls and multiple finishing widths and small laundry products — are precisely engineered to heighten productivity, cut utilities, boost profits and deliver unsurpassed reliability and performance. Our washer-extractors, flatwork industrial ironers and commercial dryers are highly programmable to meet the individual needs of any commercial laundry.

CORE COMPETENCIES

Our trademark — “Our Mission: Your Success” — reflects Girbau North America’s commitment to its distributors and end-users. “We have the ability and willingness to go the extra mile on a personal level,” says Girbau North America President Mike Floyd. “Our biggest strength is our ability to do business with the best distributors.” Listening and responding to market feedback drives what we are all about. A “willingness” to go beyond is what sets us apart, according to Floyd.

COMPANY OVERVIEW

Continental Girbau Inc., (CGI) established in 1995 is the largest of 15 subsidiaries of the Girbau Group, based in Vic, Spain. In April 2019, CGI changed their corporate name to Girbau North America to be better aligned with their parent company. Girbau laundry products — marketed throughout 100 countries worldwide — meet rigorous environmental and safety standards established by the International Organization for Standardization. The Girbau Group holds ISO9001, ISO14001 and EMAS certifications. Ever focused on laundry efficiency, Girbau North America is a member of the U.S. Green Building Council (USGB), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.

PRODUCT FEATURES

- **Energy-Efficiency** — Known for their energy-efficiency, Continental Girbau and Girbau Industrial laundry products make it easy to employ “green” practices while decreasing operating expenses. Our high-performance washers use less water, gas, electricity and labor.
- **Programmability** — Our products are equipped with easy-to-use, highly advanced controls that enable control flexibility over all variables of the laundry process.
- **Unmatched Durability** — Designed for longevity, our laundry equipment features heavy-duty construction using quality materials and industry-best warranties.

GOVERNMENT, QUASI-PUBLIC OR PRIVATE SECTOR EXPERIENCE

Continental Girbau and Girbau Industrial washers and dryers are available to the United States government and associated agencies via approved distributors. Our network of expert distributors use their experience to establish on-premise laundries within the government sector throughout North America — maximizing productivity and profit.
