LG Commercial Washers & Dryers

Guest Amenity Laundry Solutions

LG Light Commercial Platinum Washers & Dryers

Thanks to superior efficiency, ease of use and commercial durability, LG Commercial Washers and Dryers are the perfect solution for guest and resident laundries at hotels, apartment complexes, care facilities, campgrounds and more. Available in gas and electric models, as well as space-saving stack options, LG Commercial Washers and Dryers deliver a quick wash and dry for improved customer rotation rates, feature a soft-mount design for quick installations and quiet operation, and seamlessly interface with most payment systems. Choose from the 35-pound capacity Titan Pro Washer/Dryer or 22.5-pound capacity Giant C Washer/Dryer.

Modern, Streamlined Look

LG Washers and Dryers offer a streamlined, modern look and a robust chrome door. Engineered to appeal and attract, they feature a powder-coated finish offering long-lasting durability and an exterior that's simple to keep clean. A chrome door and grip provide a wide opening for easy loading and unloading, while tempered glass doors offer easy viewing and resistance to scratches and damage.

Space-Saving Design

LG Washers and Dryers are available in single-pocket models, or stack washer/dryer and dryer/dryer combinations. A small footprint and stackable design provides greater capacity and revenue per square foot.

Alternative Payment System Ready

All models work seamlessly with alternative payment systems, including card-operated and mobile-pay systems. LG Platinum Washer and Dryers are also available in coin models.

A Quick Wash & Dry

Thanks to high washer extract speeds that remove more moisture from laundry, loads dry more quickly — allowing customers to complete laundry in less time.

Commercial Durability

LG's double-locking system for the front panel and coin vault access provides heightened security for peace of mind. Front-access panels are constructed of coated steel — not plastic — to enhance reliability and security. Premium Powder Coating provides the same durability as car paint, helping to prevent rust and resist scratches.

Buy with confidence!**

LG Washing Solutions

Engineered for years of quiet operation, LG Washers feature auto-balancing and inverter-drive systems for quiet, smooth, efficient and reliable operation. Designed to withstand the rigors of constant use, they are simple to use and deliver a quicker wash using less energy and water.

Giant C

Titan Pro

High Extract Speeds

- By generating up to 451 G-force extract speeds, more water is removed from every load
- Laundry takes less time to dry
- Reduces dryer operation & saves energy
- Increases customer rotation rates & revenue

Simple Operation

- Customers choose from Hot, Warm, Cold & Delicates wash cycles
- Extra Superwash cycle option
- A suds-reduction process is automatically performed if over-sudsing is detected

Stainless Steel Washer Tub

- Stainless steel tub is rust- & scratch-resistant & won't stain laundry

10° Tilted Drum

- Tilted washer drum reduces water consumption while maintaining a quality wash

Automatic Tub Cleaning System

- Smart Tub Cleaning program automatically cleans the washer tub when selected

Atomizing System

- Atomizing nozzle sprays fresh water onto the load & washer door
- Helps to quickly fill the washer & soak the load for improved wash & rinse performance.
- Maintains a clean washer window & reduces excess soap residue
- Simplifies the task of cleaning the washer

Inverter Direct Drive System

- Direct Drive system increases motor stability & durability, while lessening vibrations.
- Eliminates the need for belts & pulleys, found in conventional washer motors
- Decreases maintenance & noise
- Maximizes energy savings
- Generates fewer speed fluctuations
- Uses only the necessary amount of electricity during the wash cycle
- Minimizes energy loss by providing power straight to the tub

LG Drying Solutions

LG Dryers offer more drying capacity and performance in a smaller footprint. With up to 35 pounds of capacity, LG Dryers take on more laundry and deliver improved drying performance. Equipped with a heavy-duty motor that provides improved airflow and heating for better drying action, LG Dryers feature a steel control panel with multilingual readout, a tempered glass, reversible door, and premium powder-coated finish.

Giant C

Titan Pro

Durable for Years of Operation

- Designed to last for years, but not show their age
- Feature a stainless steel drum that's built for constant use
- Drum won't chip or peel — keeping laundered items stain free

Efficient

- Dryers allocate the right amount of gas & air into several sections — controlling airflow for a quicker, more efficient dry

Quiet Operation

- LG Dryers are among the quietest in their class

Easy to Operate

- Control panel features a digital display illuminating cycle time countdown
- LED lights indicate cycle status.
- Customers simply select one of the four temperature options — High, Medium, Low or No Heat — then press the start button
- End-of-cycle tone sounds upon cycle completion
- An extra-large door makes loading & unloading easy

Reversible Dryer Door

- Quickly change the direction of the door swing — left or right — without additional parts

More About Us

Girbau North America (GNA) is an industry-leading provider of comprehensive laundry solutions and support services for the vended, commercial, industrial, multi-housing and textile care markets. GNA delivers quality laundry products in concert with local distributor expertise and business support services to clients throughout North America. At GNA, our proven, best-in-class equipment offering — including high-performance, open-pocket washers and dryers, continuous batch tunnel washing systems, feeders, ironers, folders and conveyor systems — are built for longevity, superior efficiency and unrivaled flexibility. Our slogan — Laundry Beyond Laundry — compliments our objective to add value, through innovation, high-performance equipment, solutions and services. GNA stands strong in its commitment to sustainability, adaptation to customer needs, and providing clients with personalized laundry solutions that deliver success.

- Industry's most comprehensive equipment offering
- Local, expert distributor support
- Industry-best warranties
- Laundry design & layout
- Business proformas & financing
- Parts & ongoing local, technical service

At GNA, we cater to a number of markets with equipment and brand offerings designed to improve our clients' businesses.

Market Channels

Commercial Every laundry is unique in size, scope and goals. At GNA we specialize in improving commercial on-premise laundries at hotels, vet clinics, salons, dairies, fire departments, correctional facilities, and more. We work to cut energy and labor costs, while boosting laundry production and quality.

Industrial Equipment flexibility and automation are key ways to boost production and quality while lowering overhead costs. GNA specializes in developing industrial laundries from scratch, as well as simply improving them with quick Returns on Investment (ROI).

Textile Care Our advanced wet cleaning technologies deliver exceptional programming flexibility for improved textile restoration results and a greater percentage of wet cleaned to dry cleaned items. Eco-friendly and a fraction of the cost of dry cleaning equipment.

Vended We help vended laundries get into business the right way, with exclusive products and expertise that help you stand apart from the competition.

Multi-Housing Apartment complexes, dormitories and residential facilities require durable, simple-to-use washers and dryers available in space-saving configurations. At GNA, we offer the equipment and local distributor support — often with creative lease and share options — to reduce management hassles while boosting revenue.

Brands

Continental Girbau Our flagship brand providing equipment and service solutions to vended and on-premise/commercial laundry markets.

Express Laundry Center Innovators of the "60-minute wash/dry/fold," the trademarked Express Laundry Center brand is a turnkey vended laundry solution encompassing high-speed equipment, multiple store services and marketing/management support.

Girbau Industrial GNA's industrial laundry equipment brand encompassing everything from open-pocket washers and dryers to high-volume continuous batch washing systems, ironers, folders and stackers.

Poseidon Textile Care Systems GNA's eco-friendly wet cleaning brand for textile care businesses, including textile restoration and dry cleaning.

Sports Laundry Systems Our dedicated brand for athletic laundries with specialized disinfection capabilities.

OnePress Ironers Our highly productive brand of ironing systems engineered for quality results and medium- to high-volume productivity.

LG Commercial Laundry We partner with LG to provide commercial-grade platinum washers and dryers.

GNA Subsidiary Companies

Custom Select Financing Provider of financing solutions to GNA customers.

Girbau Creative Services Provider of marketing, advertising and public relations services to GNA customers and distributors.

Sustainability

Not only are GNA laundry products highly efficient — using less energy, natural gas and water — they are manufactured in an environmentally friendly manner to meet rigorous environmental and safety standards established by the International Organization for Standardization (ISO). Ever focused on laundry efficiency, GNA is a member of the U.S. Green Building Council (USGBC), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.
